

### **Balmy conditions and light winds at Frostbites**

Five Norfolk Dinghies turned out to take part in Sunday's racing and Race Officer Bernie Woodcock assisted by Shirley Hagger set a simple course upstream against a strong ebb tide.

In the first race Sam Woodcock crewed by Sam Archer in Kelpie took the lead closely followed by David Mackley crewed by Olivia Archer in Lucifer. Those positions remained with the 3 lap course shortened to 1. David Yapp crewed by Julia Deary in Dodman came in third just ahead of Danny Tyrrell crewed by Bruce Thompson in Twinkle..

In the second race Yapp with a private wind sailed into an early lead but was soon overhauled by Sam Archer having taken over the helm in Kelpie and by Tyrrell. Due to an infringement Archer did penalty turns and dropped back. In the end however after a full three laps and an elapsed time of over an hour Archer came in first, followed by Tyrrell. In third position was Olivier Archer helming Lucifer crewed by Mackley. The handicap positions in both races were unchanged.
